## PRINTABLE RING SIZE GUIDE

For those unable to attend a ring sizing appointment at my studio, I have created the following Ring Sizing Guide to help with the process. Please note that the advice provided on this page is intended as a general guideline. For the most accurate results, we recommend visiting the Kali Forbes studio for a professional fitting.

1. Ensure when printing, you select 'No scaling', 'Scale 1:1', or 'Print at 100%'.
2. Check that the below gauge is accurate against a ruler when measured in millimeters.

3. Using a ring that fits the finger you wish to size, place the ring on top of the circles until you find the black circle that perfectly matches the inside of your ring.
